UAA List of Arbitrators

UAA listing procedure

In 2019 the UAA Board decided to create a Database of Arbitrators suitable to sit in Ukraine-related international arbitrations (e.g., involving Ukrainian party(ies), Ukrainian law, relating to the Ukrainian assets or businesses etc.).

The Board approved the Procedure for Listing in the Database of Arbitrators on 26 January 2020 and revised it on 13 March 2023.

According to the Procedure, the Board is responsible for formation and maintenance of the UAA Database of Arbitrators and makes decision on listing in the Database of Arbitrators.

Potential candidate may file an application addressed to the Secretary-General and accompanied with the CV and the completed Questionnaire. By its decision, the UAA Board may provide that consideration of the application will be subject to payment of certain fee.

UAA offers the List of arbitrators to various international arbitration centres for the purposes of institution appointments, as well as to arbitration users seeking candidates for party-appointment (nomination) or selection of the president of the tribunal. The list will be published at the UAA website and distributed at the events organized by the UAA.

The present brochure contains the fourth edition of the UAA List of Arbitrators.

Mandatory requirements for listing

To be included into the list, the arbitrators must comply with the following mandatory listing requirements:

- a full law degree;
- sufficient experience in the field of arbitration as an arbitrator and / or as a counsel to the party during no less than five years after obtaining a full law degree;
- proficiency in English at the level sufficient to conduct the proceedings and draft an award without external assistance;
- absence of a criminal conviction and of an open criminal proceeding as of the date of the application for listing in the Database; absence of a disciplinary punishment / sanction and of an open disciplinary proceeding as of the date of the application for listing in the Database; absence of suspension, due to the applicant's fault, of any admission necessary to conduct professional legal activities;
- compliance with high ethical standards in international arbitration; and
- sufficient connection with the Ukrainian jurisdiction.

Membership in the UAA is not a mandatory prerequisite for listing in the Database of arbitrators. It shall not, per se, provide any competitive advantage when the issue of the listing of the potential candidate in the Database of arbitrators is considered.

The candidate shall not be deemed suitable to sit as an arbitrator in Ukraine-related cases and therefore will not be included into the Database if:

- The candidate holds citizenship of the Russian Federation or Republic of Belarus (irrespective of whether he / she has any other citizenships and irrespective of his / her personal stance regarding the Russian aggression against Ukraine);
- The candidate personally or his / her firm (with which the candidate is employed or otherwise associated) work for the Russian Federation, Republic of Belarus, state-owned entities / enterprises / companies of the Russian Federation or Republic of Belarus, or persons subject to sanctions (sanctions of the G7 and Ukraine);
- With due regard to all available information, the UAA Board concludes that the candidate has other significant connection to the Russian Federation or Republic of Belarus; or
- The candidate fails to condemn the aggression of the Russian Federation against Ukraine (including invasion and illegal occupation of Crimea, invasion of Donetsk and Luhansk regions, full-scale military aggression since 2022)

The Board is authorized to monitor compliance by the arbitrators included into the Database with the mandatory requirements for listing.

All foreign arbitrators included into this Brochure have expressly confirmed to the UAA Board that they condemn the Russian aggression against Ukraine.

Structure of the List

Depending on the circumstances of a particular case and requirements of the applicable arbitration rules the parties, co-arbitrators, arbitral institution or appointing authority may look for candidates with a different profile for the Ukraine-related cases. The nationality and the place of residence are among the very first selection criteria.

Considering this, in this brochure the arbitrators are divided into two groups:

- Ukrainian arbitrators – all candidates of this group have Ukrainian nationality and speak Ukrainian;
- Foreign arbitrators suitable to sit in Ukraine-related international arbitrations – all arbitrators of this group are non-Ukrainian but have sufficient connection with the Ukrainian jurisdiction.

Within each group, the arbitrators are listed in alphabetical order.

With this aim, the UAA List of Arbitrators includes foreign arbitrators having sufficient connection with the Ukrainian jurisdiction through one or several connecting factors:

- good command of Ukrainian language
- familiarity with Ukrainian law
- previous involvement (as arbitrator, counsel or secretary to the tribunal) in at least three (3) arbitrations involving Ukrainian party and/or where Ukrainian law was applicable law and/or seated in Ukraine and/or relating to Ukrainian business
- previous residence in Ukraine
- previous involvement in at least three (3) projects related to Ukraine
